

## STANDOFFS - STAINLESS STEEL 316

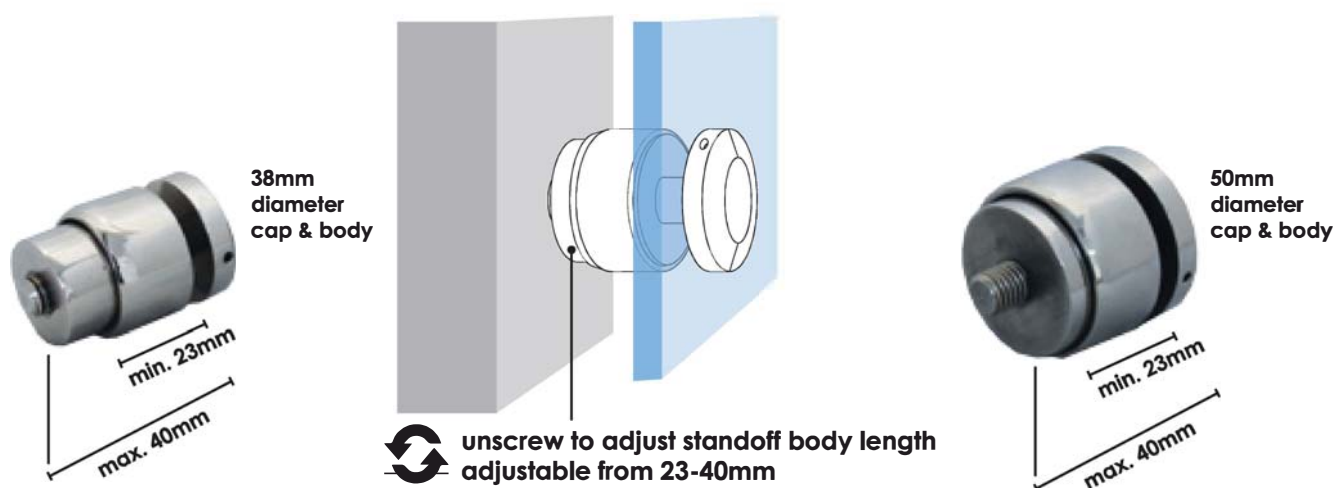

THE STAINLESS STEEL 'STANDOFF' IS A POPULAR AND EVER INCREASING TREND IN POINT-FIXING GLASS PANEL INSTALLATION. GLASS OUTLET'S STANDOFFS ARE OF THE HIGHEST QUALITY & INCORPORATE MANY INSTALLATION ADVANTAGES.

- Precision machined 316 stainless steel
- Available in satin or polished finish
- Engineered for 12mm thick glass
- Heavy duty 12mm thread (M12) thread

- It is the buyer's responsibility to ensure that the application of all standoff products are suitable for their intended use and are compliant with all relevant building regulations & Australian Standards.

### ADJUSTABLE STANDOFFS

ENTIRE STANDOFF AFFIXED TO THREADED ROD OR LAG SCREW = STRENGTH

#### ADJUSTABLE

**38MM DIA x ADJUSTABLE BODY STANDOFF**  
316 STAINLESS STEEL

**Satin Or Polish Finish**

Order Code: **GS38P-A** (polish finish)  
**GS38S-A** (satin finish)

Adjustable Length From.. <b>23-40MM</b>	Standoff Diameter <b>38MM</b>	Recommended Glass Hole Size <b>20-22MM</b>
--	----------------------------------	---

#### ADJUSTABLE

**50MM DIA x ADJUSTABLE BODY STANDOFF**  
316 STAINLESS STEEL

**Satin Or Polish Finish**

Order Code: **GS50P-A** (polish finish)  
**GS50S-A** (satin finish)

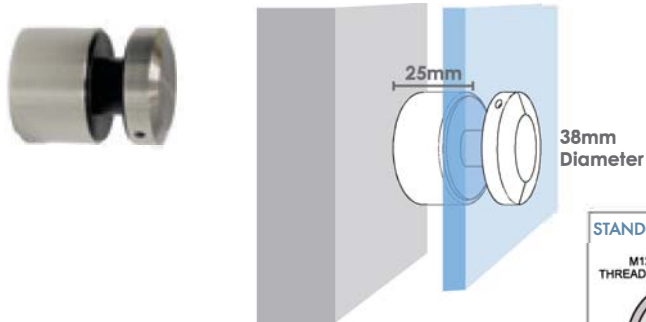

Adjustable Length From.. <b>23-40MM</b>	Standoff Diameter <b>50MM</b>	Recommended Glass Hole Size <b>20-22MM</b>
--	----------------------------------	---

#### ADJUSTABLE STANDOFFS SPECIFICATION

- Ideal for fixing to uneven surfaces
- Maximum strength - entire standoff affixed to M12 threaded rod or lag screw
- Visually pleasing - adjustable section fits internal of body
- Kit includes cap, body, 2 x plastic washers & 1 x bush

## STANDOFFS - STAINLESS STEEL 316

38MM DIA x 25MM BODY

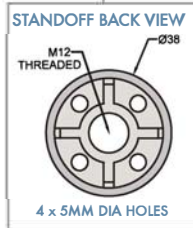

**38MM DIA x 25MM BODY STANDOFF**  
316 STAINLESS STEEL  
**Satin Or Polish Finish**

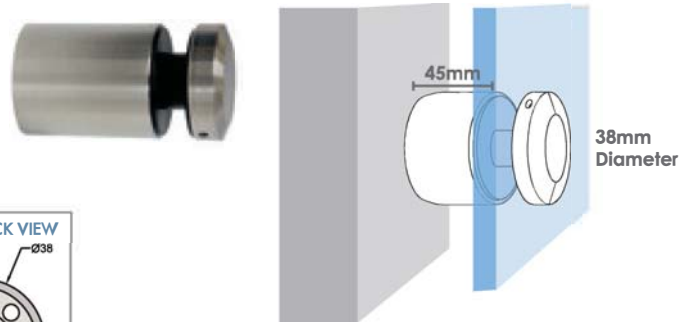

Order Code: **GS3825P** (polish finish)  
**GS3825S** (satin finish)

### STANDOFF SPECIFICATION

- Stainless steel 316
- Heavy duty 12mm threaded (M12) screw
- Threaded through entire body - Allows screw flexibility in installation
- Precision machining on cap with bevelled edge
- Additional washers available to pack out body from wall
- Engineered for 12mm thick glass.
- Standoff kit includes cap, body, short stud, 2 x plastic washers & 1 x plastic bush (\*\*fixing rod sold separately)

38MM DIA x 45MM BODY

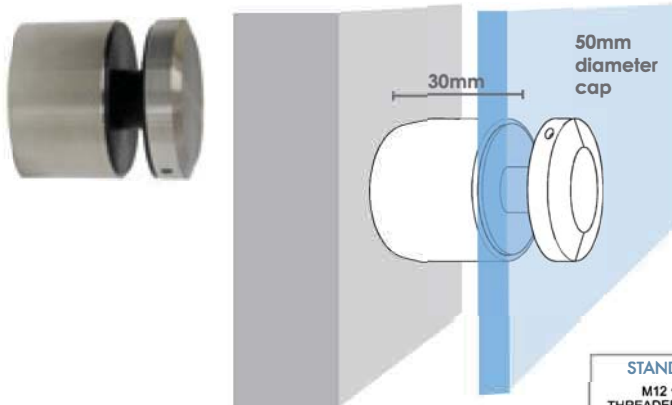

**38MM DIA x 45MM BODY STANDOFF**  
316 STAINLESS STEEL  
**Satin Or Polish Finish**

Order Code: **GS3845P** (polish finish)  
**GS3845S** (satin finish)

## STANDOFFS - STAINLESS STEEL 316

### 38MM DIA STANDOFF ACCESSORIES

38mm Diameter

#### 38MM DIA FLAT CAP - CAP ONLY

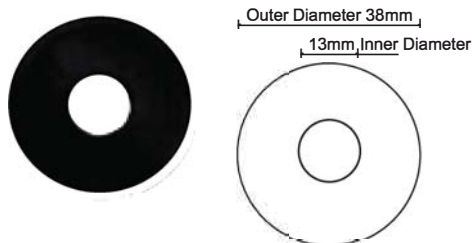

316 STAINLESS STEEL

Order Code: **GS38CAP-P** (polish finish)

**GS38CAP-S** (satin finish)

#### CAP SPECIFICATION

- 38mm diameter cap only; M12 thread
- Suits all 38mm body standoffs in range
- 12mm thick with bevelled cap finish

#### 38MM DIA NYLON WASHER

BLACK NYLON

Order Code: **GS38W**

#### WASHER SPECIFICATION

- Allows for adjustment from wall for 38mm standoffs
- UV stabilised black plastic; 1mm thick

### 50MM DIA STANDOFF ACCESSORIES

50mm Diameter

#### 50MM DIA FLAT CAP - CAP ONLY

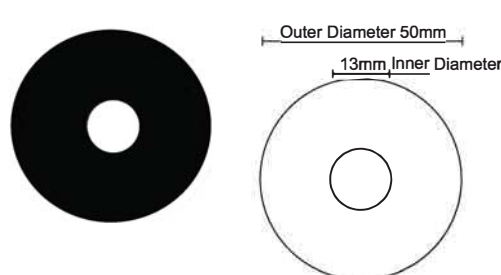

316 STAINLESS STEEL

Order Code: **GS50CAP-P** (polish finish)

**GS50CAP-S** (satin finish)

#### CAP SPECIFICATION

- 50mm diameter cap only; M12 threaded
- Suits all 50mm body standoffs in range
- 12mm thick with bevelled cap finish

#### 50MM DIA NYLON WASHER

BLACK NYLON

Order Code: **GS50W**

#### WASHER SPECIFICATION

- Allows for adjustment from wall for 50mm standoffs
- UV stabilised black plastic; 1mm thick

#### STANDOFF TOOL

316 STAINLESS STEEL

Order Code: **GSTOOL**

#### TOOL SPECIFICATION

- Tighten or loosen 38mm & 50mm diameter standoffs

38MM DIA STANDOFF

50MM DIA STANDOFF

A VERSATILE TOOL THAT ALLOWS FOR EASY INSTALLATION OF 38MM AND 50MM DIAMETER STANDOFFS.

SIMPLY ROTATE THE TOOL TO SUIT THE STANDOFF DIAMETER SIZE

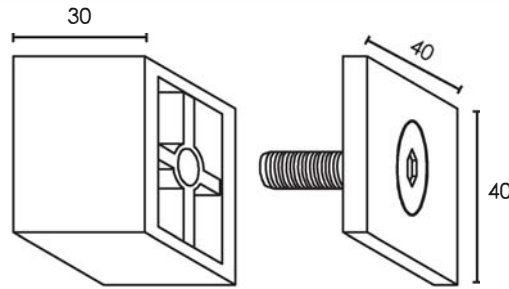

NOTE: ALL DRAWINGS ARE NOT TO SCALE

## STANDOFFS - STAINLESS STEEL 316

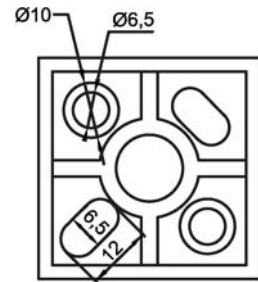

### MULTI FIT 40MM SQ CAP X 30MM BODY

#### 40MM SQUARE CAP x 30MM BODY STANDOFF 316 STAINLESS STEEL

Order Code: **GS4030P-SQ** (polish finish)  
**GS4030S-SQ** (satin finish)

##### SPECIFICATION

- Modern square design standoff
- Stainless steel 316 in Polish & Satin finish
- CSK front screw ensures front cap always affixed in a level square position
- Suits M12 fixings

#### VERSATILE FIXING STANDOFF DESIGN

IN ADDITION TO CENTRAL M12 FIXING, 4 X FURTHER FIXING POINTS CAN BE INTERNALLY ACCESSED TO PROVIDE EXTRA RIGIDITY, PARTICULARLY FOR TIMBER INSTALLATIONS.

### 40 X 40MM SQUARE STANDOFF ACCESSORIES

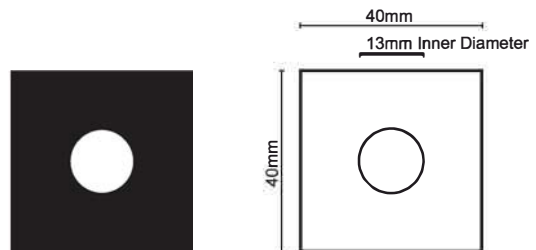

#### 40 x 40MM SQ FLAT CAP - CAP ONLY 316 STAINLESS STEEL

Order Code: **GS4040CAP-P** (polish finish)  
**GS4040CAP-S** (satin finish)

##### CAP SPECIFICATION

- 40x40mm square cap only
- Suits 40x30mm square standoff
- 5mm flat cap with countersunk top hole

#### 40 x 40MM SQ NYLON WASHER BLACK NYLON

Order Code: **GS4040W**

##### WASHER SPECIFICATION

- 40x40mm square ; 1mm thick
- Allows for spacing/adjustment from wall
- UV stabilised black plastic

## STANDOFF ACCESSORIES

### LAG SCREWS

Hex drive head

#### 115MM LAG SCREW

Order Code: **GS115LAG**

##### 115MM LAG SCREW SPECIFICATION

- Heavy duty SS304; M12; with 12mm coach screw;
- 115mm overall length
- Allows installation into timber or composite material
- Suits all standoffs
- Hex drive allen head allows quick & hassle free installation

Hex drive head

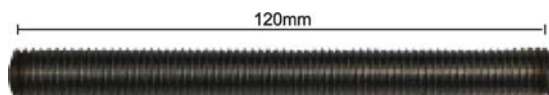

#### 160MM LAG SCREW

Order Code: **GS160LAG**

##### 160MM LAG SCREW SPECIFICATION

- Heavy duty SS304; M12; with 12mm coach screw;
- 160mm overall length
- Allows installation into timber or composite material
- Suits all standoffs
- Hex drive allen head allows quick & hassle free installation

### THREADED RODS

#### 120MM THREADED ROD

Order Code: **GS120ROD**

##### 120MM THREADED ROD SPECIFICATION

- Heavy duty SS304; M12; 120mm long
- Suits all standoffs

#### 1000MM THREADED ROD

Order Code: **GS1000ROD**

##### 1000MM THREADED ROD SPECIFICATION

- Heavy duty SS304; M12; 1000mm long
- Cut down to suit your required length of threaded rod
- Suits all standoffs

The ideal combination of a threaded through solid stainless steel body mounted onto a single rigid threaded screw or lag screw results in a strong and secure standoff fixing
