

1500mm Face Mount Aluminium Post

Enhance your fencing project with our premium 1500mm high aluminium face mount posts, designed for strength, style, and long-term performance. Ideal for pool fencing, balustrades, and privacy screens, these posts offer a sleek, professional finish for any installation.

Key Features:

- **High-Quality Material:** Crafted from heavy-duty 50x50mm aluminium with a robust 4mm wall thickness.
- **Strong Base Plate:** Pre-welded 10mm thick aluminium face plate for secure mounting to walls, concrete, or decking edges.
- **Stylish Finishes:** Available in a durable powder-coated Black, Monument, or White finish to complement any outdoor space.
- **Two Post Options:** Choose either a mid/centre post (single post) or a pack of two end posts (left and right) for easy gate and fence panel termination.
- **Corrosion Resistant:** Rust-free aluminium construction, perfect for coastal and outdoor environments.
- **Pool Fence Compliant:** Manufactured to meet Australian Standard AS1926.1 when installed correctly.
- **Easy Installation:** Pre-drilled face plates allow for fast, secure fixing.

Specifications:

- **Height:** 1500mm
- **Post Dimensions:** 50mm x 50mm with 4mm wall thickness
- **Face Plate Thickness:** 10mm
- **Finish Options:** Black, Monument, White (Powder Coated)
- **Material:** Aluminium Alloy 6061 T6
- **Post Options:**
 - Mid/Centre Post (Single)
 - End Post Pack (Left & Right Posts)

Perfect for:

Pool fencing, garden fencing, privacy screens, and residential or commercial fencing projects where a professional and compliant finish is essential.
