

Satin Anodised 35x35mm Aluminium Glass Top Rail

Page Link: [Satin Anodised 35x35mm Aluminium Glass Top Rail](#)

- Satin Anodised
- 35x35mm External Profile
- 5800mm long aluminium handrail
- Made from structural alloy 6061-T6
- Each length is supplied as a kit which **INCLUDES** 2 x end caps & 5800mm long glazing rubber to suit 15mm glass
- Railing suits 12, 15, 17.52 and 21.52mm thick glass – simply use correct glazing rubber
- Joiners fit into internal cavity at top of rail
- Rail can be easily cut to required length or angle with a Aluminium cutting blade on a drop saw.

Note: If using glass that is not 15mm you will need to order the glazing rubber separately.
