## Description

Turn your economy gate into a premium soft-close system!

---

### Product Highlights:

- **NEW & Innovative Design** – Instantly upgrade standard or economy pool gates with a soft-close system.
- **Retrofit-Friendly** – Multiple hole spacings for easy replacement of existing hinges—no new drilling required. (See images for glass hole positions)
- **Hydraulic Soft-Close Technology** – Smooth, quiet, and controlled closing action for added safety and style.
- **Glass-to-Glass Mounting** – Perfect for 8–12mm toughened glass panels in frameless pool fencing.
- **Heavy-Duty Performance** – Supports gates up to 45kg and 1000mm wide.
- **316 Marine Grade Stainless Steel** – Rust-resistant and ideal for coastal or saltwater pool environments.
- **Fully Adjustable** – Fine-tune gate tension and alignment with built-in tools for perfect operation.
- **Stylish Finish Options** – Choose from Polished Stainless or Brushed Satin.
- **Standards Compliant** – Exceeds Australian Safety Standard AS1926.1-2012 for pool fencing.

---
