

Polished Square Base Plate Spigot With Silver Gloss Insulator

Stainless Steel Square Base Plate Spigot plus a thermoplastic non-conductive insulating sleeve that fits over the top.

Cover Specifications

- Made from ASA thermoplastic – excellent weather & chemical resistance and high impact strength
- Non-conductive material
- Includes 1x vertical spigot stem & 2-part domical cover
- Also includes 2x caps which fit into friction grub screw holes
- Firstly install vertical stem to spigot. Fix off base plate with countersunk fixings to substrate. Install the 2 part domical cover.
- Can be retro fitted to existing base plate Madrid spigots
- Specialty designed top section prevents chance of pulling insulating cover away from spigot and base plate

Select to colour match the spigot to the cover if you plan on removing the cover at a later date.

You will not need to earth your spigot if you use this product.
